

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

## Manufacturing Solutions

We provide a full service solution for all your manufacturing needs by uniting industry leaders. These organizations combine their resources to provide the best possible solutions for your problems. We customize our approach to each project to allow for the most effective and efficient manufacturing applications. The participating companies, working collaboratively as a unit, possess a multitude of complementary skills, processes and resources to provide clients with a single vendor and “one stop shopping.” We have created a truly effective and unique experience for our customers.

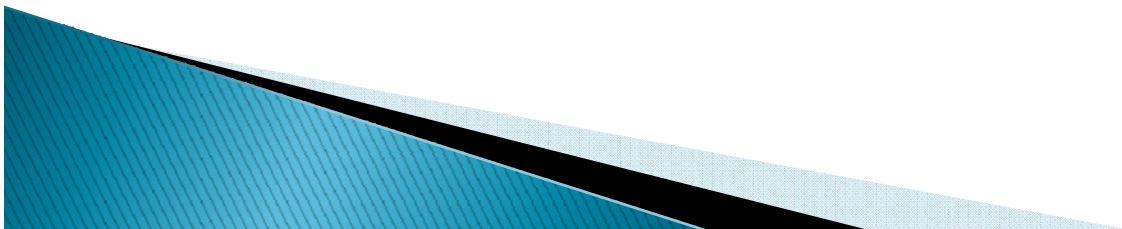

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

## A Total Cost Savings for You

- Broad and Comprehensive Capabilities
- Reduction of your Vendor Base
- Coordination of resources resulting in increased efficiency
- “State of the Art” Equipment and Processes
- Full Service Manufacturing Solutions
- Competitive Pricing
- Vast Experience and Financial Stability
- Lights out 24/7 Operation
- All Companies ISO Certified

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

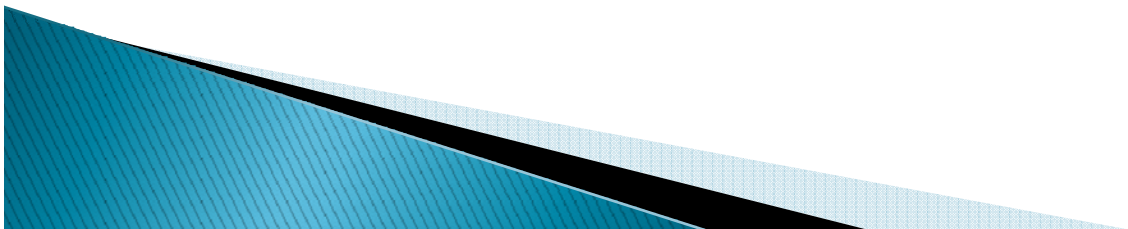

## Combined Industry Experience:

- Research and Development/Product design
- Design, Build and Run (Injection Molding)
- High Precision Spare Tooling
- Innovative Printing Technology
- Precision Machining

**TALBAR INC.**

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

## Participants – Combined Industry Experience

- Molding up to 770 ton
- Raw Material Silos
- Full color digital printing
- Secondary Operations
- Warehousing

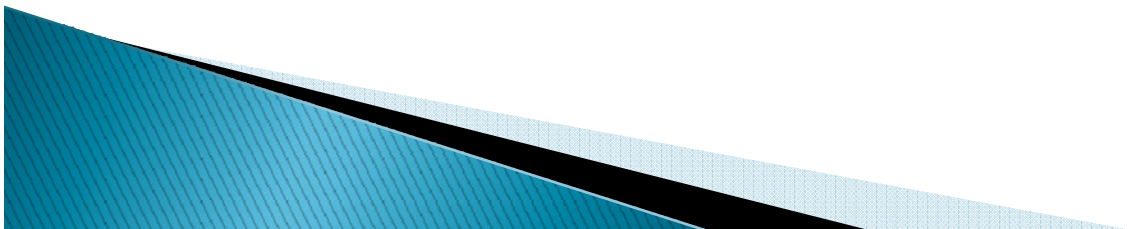

- Design, Build, Run
- Precision Injection Molding (to 300 tons)
- Spare Tooling
- Secondary Operations
- Product Development

**TALBAR INC.**

- Precision CNC Machining
- Precision grinding
- Three dimensional modeling
- Prototype and product development
- Secondary Operations

- CNC Aerospace
- Multi Axis Machining
- CMM Inspection

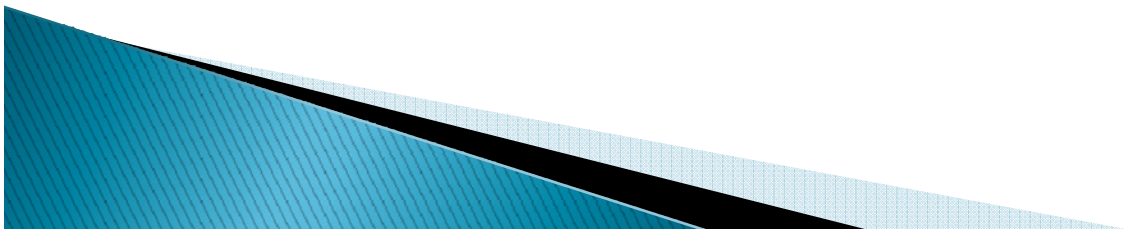

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

## Industries Served

- Aerospace
- Automotive
- Consumer
- Medical
- Safety Equipment
- Electronics
- Automation

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

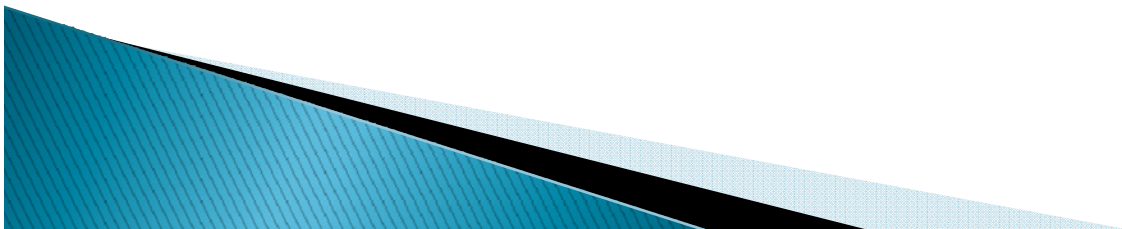

— Printing & Plastic Injection Molding

#### **Ground Breaking Printing Technology**

- Unlimited imprint colors
- High Speed
- Multiple Surfaces
- Full Color (over 64,000 possible)
- Non Contact
- Single pass
- Instantly curing UV inks
- Fully digital
- Variable data - consecutive numbering, personalization, serialization
- Wide range of substrates
- Print on Three Dimensional objects

#### **Plastic Injection Molding**

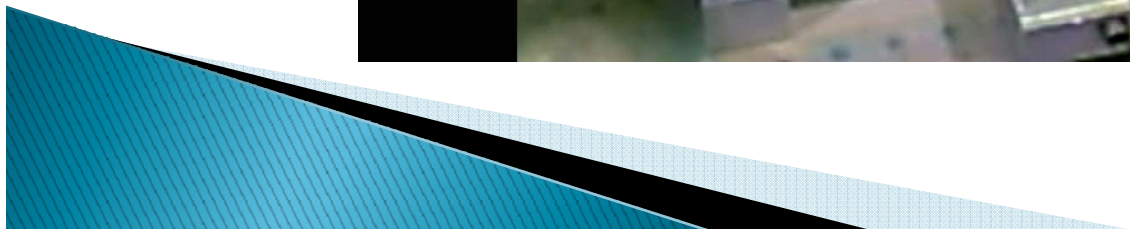

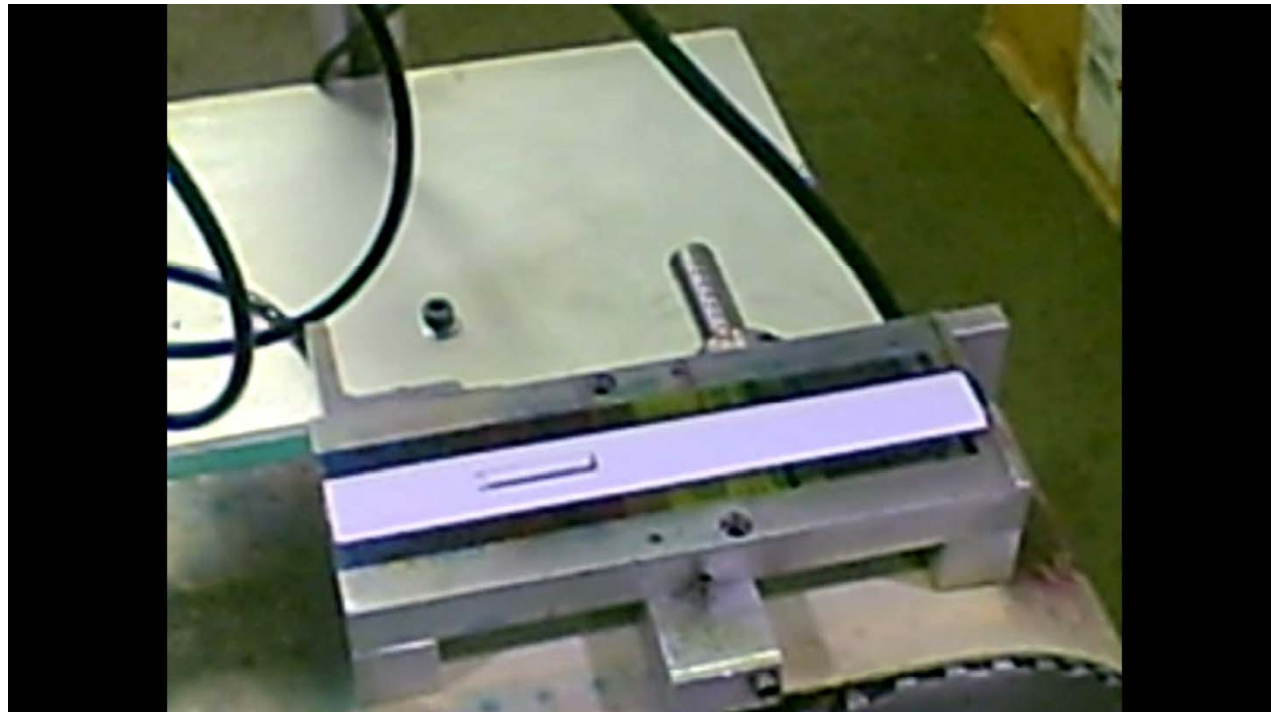

- Automated
- Insert molding
- Insert verification
- Riveting
- Special packaging
- Assembly
- ISO 9001 Certified

# Coppola Enterprises

*Innovative Solutions For Today's Organizations*

- Design, Build and Debug
- Short and Long Run Production
- Product Development
- Prototyping
- Mold and Product Design
- Precision tooling and Machining
- Plastic injection molding (including Insert Molding & Overmolding)–up to 300 ton)
- Spare Tooling
- Secondary Operations and Component assembly
- Dimensional Metrology Services
- First Article Inspections
- ISO 9001 Certified (Tooling and Plastics Divisions)

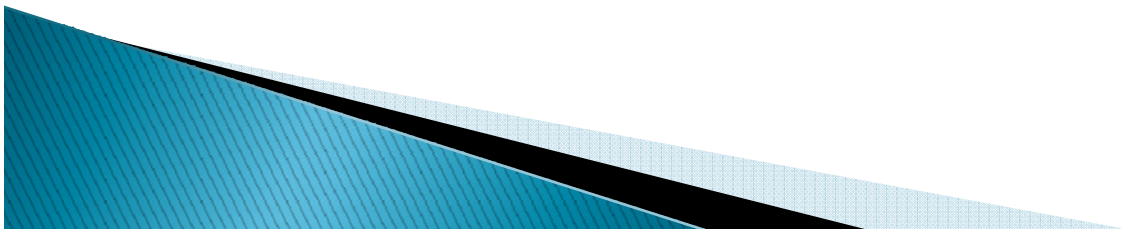

**Coppola Enterprises**

*Innovative Solutions For Today's Organizations*

## ***TALBAR INC.***

- Precision Machining
- Close Tolerance Precision Grinding
- Precision Spare Parts
- Advanced Three Dimensional Modeling
- Prototyping and Product Development Assistance
- CNC Milling 3-4 axis
- CNC Lathes
- First Article Inspections
- ISO 9001 Certified

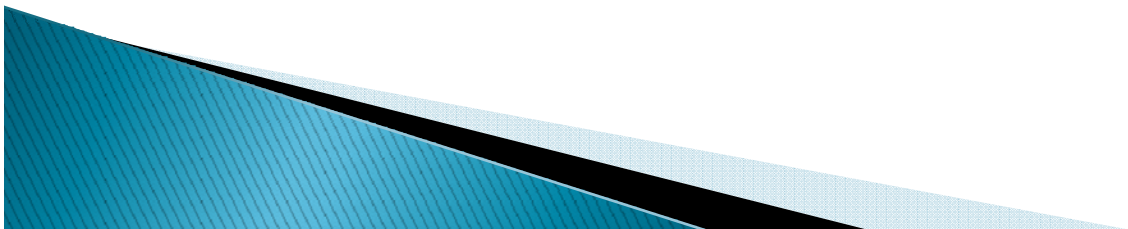

# Coppola Enterprises

*Innovative Solutions For Today's Organizations*

- Close tolerance multi-axis CNC machining
- ISO 9000 and MIL-I-45208
- CMM Inspection

**Coppola Enterprises**
